

## Harden Caravan Park – Camp Kitchen

Proposed SCF allocation: \$100,000

### Background

The former Harden Shire Council had been investing in improvements in recent years to the Harden Caravan Park, situated along the Burley Griffin Way, located beside the Harden pool complex in Harden. Council had been considering further improvements to this facility in the long term financial plan, yet had not finalised detailed project scoping prior to the creation of Hilltops Council.

### Scope

The scope of the proposed project is to provide a camp kitchen at the rear of the premises. A need for such a kitchen was identified primarily by campers using unpowered sites at the rear of the park.

A detailed design of the covered kitchen project is yet to be prepared.

### Project Snapshot
